# Long Live Manor High!!

These students stand in line to register to speak in the school board meeting pertaining to Norcom coming to Manor and the name being changed to I.C. Norcom.

Don't take that M, that H, that S from me.
Don't take that red, that white, cause it's dynamite.
And if you do then I will surely die,
cause I'm a MUSTANG THAT'S WHY!!

Elveta Ewell, a newscaster for Channel 13, seemed very interested in the meeting.

Hey we, we back the red and black,
Our school is proud, we shout out loud
RED AND BLACK!
Our school is proud, we shout out loud
RED AND BLACK!

LONG LIVE MANOR HIGH!

Several students show their spirit for MHS by wearing their LONG LIVE MANOR HIGH T-shirts.

Not only were the students at Manor concerned but their parents were also.

# Mustangs Forever!!

# Our Standard Is Excellence

## *Long Live Manor High*

Manor High School has been the focus of a major dilemma this year. The superintendent of Portsmouth Public School has recommended that our school take on the name, colors, and traditions of another existing school, Norcom, and cast all that we have into a sea of forgetfulness. The Manor student body is outraged and we have let our voices be heard by the superintendent and the school board through personal conferences, public hearings and editorial letters. We don't plan to give up our school without a fight. We have a heritage and a tradition and we vow to uphold them.

We have made great strides in our short thirteen year history. We have produced scholars and athletes who have competed on every level and succeeded. We have won two team State championships, as well as several individual state championships. We have numerous district championships and regional championships, one of these in 1985. We have also received acclaim as coaches of the year and athletes of the year.

Academically, our students have been recipients of major scholarships to some of the most prestigious colleges and universities in this country. These students have and are currently standing tall at these universities and some have already taken their places of prominence in society.

We want our alumni to have a school to come back to and a school to be proud of in the future. Our school means a lot to us and we want to preserve of for posterity. We always stand to be counted with our alma mater as our guide.

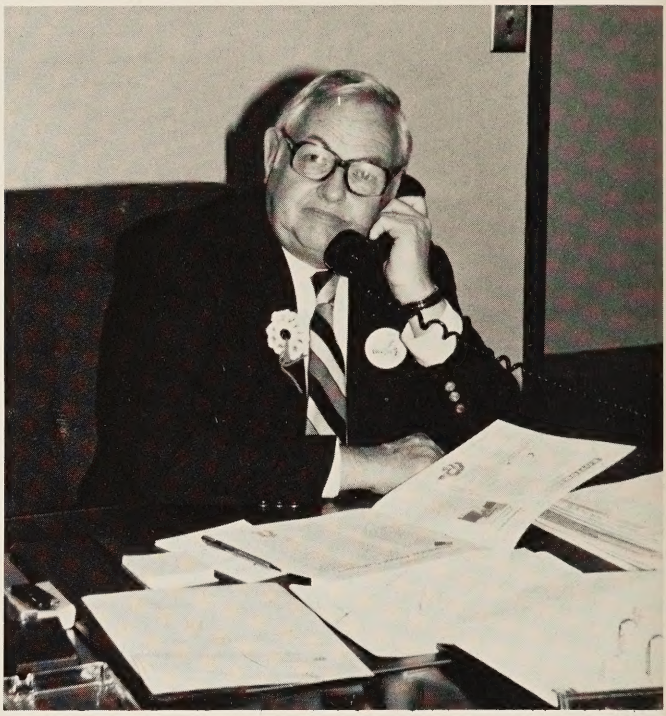
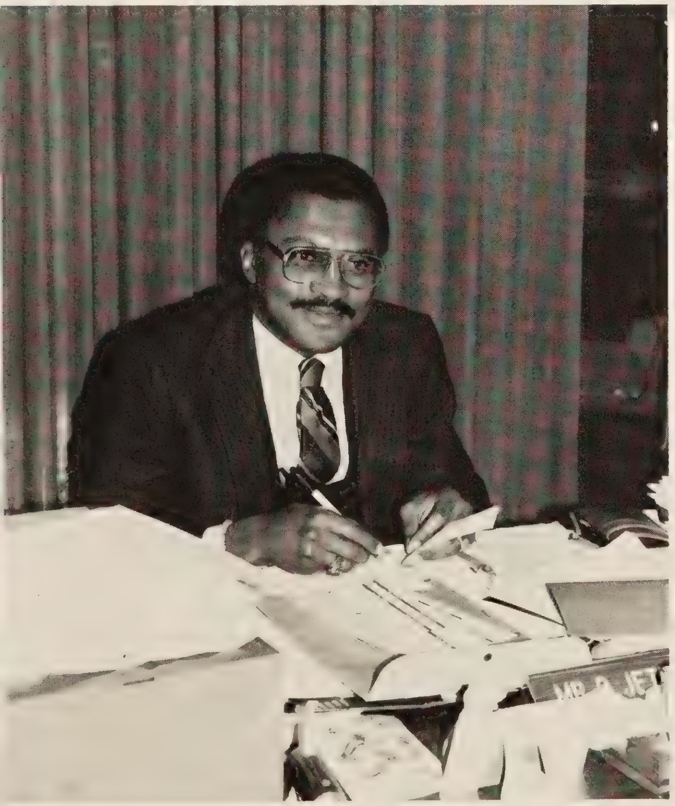
# Welcome Back



Knowing the school, knowing the students, and knowing the Mustangs, were definite help, to our principal, Mr. A.B. Niemeyer. Mr. Niemeyer has been a very good asset to Manor High School. His "open door" is always there for anyone who has problems or needs guidance. (Above right) Mr. Niemeyer takes care of business. (below) Mr. Niemeyer takes time out to spend some time with the Honor Students.

# The Administration

Both Mr. Jeter and Mr. Potter are great assets to Manor High School and the students and faculty are glad to have them.



Mr. Jeter spends alot of time getting to know his students, as well as spending time in his office. Students appreciate his concern and have welcomed him with open arms.

Mr. Potter is a highly respected man at Manor High School. His concern about the students is excellent and he shows that he cares.

# Coach Of The Year

On Friday, February 21, the Portsmouth Sports Club bestowed three of its most prestigious awards upon Mustangs. This marked an-inprecedented occasion. Manor was awarded the coach of the year, the athlete of the year and a $1,000 scholarship to an outstanding baseball player, all in one night. The master of ceremonies was Bruce Radar of local television fame and the keynote speaker of Dave Winfield, the All Star right fielder of the New York Yankees. The coach of the year is Bruce Phelps, coach of the regional champion baseball team. The player of the year was Mike Rountree, a basketball letterman, winner of All District honors baseball and All City, All District, All Tidewater, and All Regional honors in football.

The $1,000 scholarship went to Jamie Ewers, a three year All District centerfielder, and almost sure fourth consecutive year repeater on the team.

Dave Winfield delivered and elegant but down to earth speech warning student athletes to stay away from drugs and always strive for excellence in everything they do.

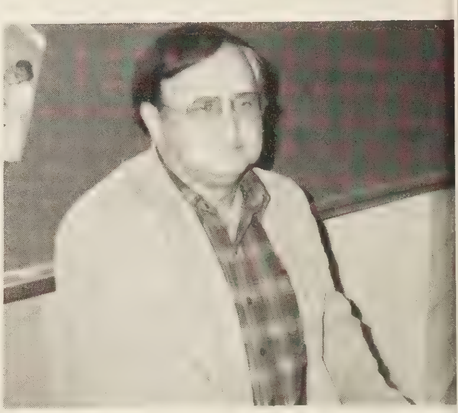
The 1985 V.M.E.A. Honor's Choir Participants were Susan Creecy, and Mary Kidd.

There are many honors students can attain in the Choral Department. These honors are achieved by preparing a piece of music and showing excellence in executing it. Auditions are sometimes intimidating but definitely worthwhile. All-City Chorus, Regional Chorus, All-State, and Honors Choir are all goals outgoing Chorus Members hope to accomplish. Juniors and Seniors who make Regional Chorus are eligible to audition for All-State Chorus. Competition is very stiff in that only 20 people and a few alternates are allowed per district. Honors Choir is also a challenge, but it is strictly for Seniors throughout Virginia. Students representing Manor at these honorary functions are something we all can be proud of.



Mr. Shifferly often substitutes for Mrs. Heath in the event of her absence. He has become a second father to the Chorus.

# Working Together

Harriet Carver Heath, alias "Mama Heath" has been the Choral Director at Manor High for the past 14 years. Her natural musicianship is reflected throughout her teaching methods. Mrs. Heath is not only a teacher, she is also a close friend and confidant to her students. Her experience in teaching has led to many prestigious appointments throughout the United States. Those appointments include former President of the Va. Music Educators Association, current President of the Portsmouth Community Concert Association, and director of top notch choirs in other states such as West Va. and Alabama.

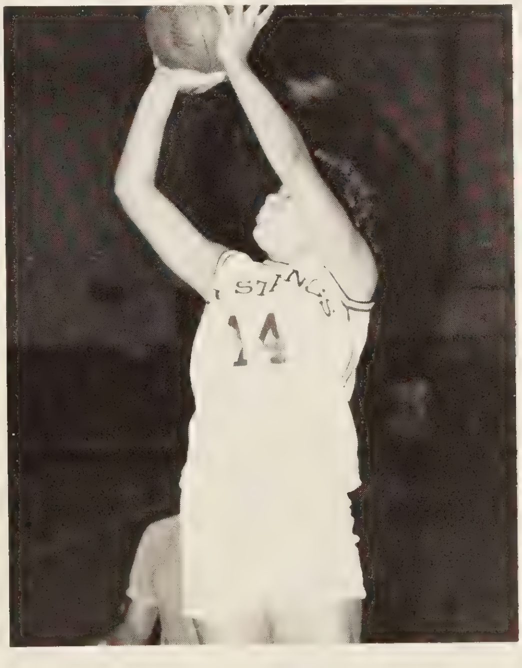
Samantha prepares to shoot a basket.

Samantha Thompson, a junior, is the leading scorer for her school and district. She broke the school record for scoring the most points in one game (boys and girls). Her aim is to score 1000 points for her school and this is all projected to happen before she graduates from MHS. She is co-captain for girls varsity basketball, and she is the model for all her team mates. They all respect her for her great ability to be an all around athlete. Sam excels in every sport she plays, she has made a total of 453 points this season in basketball. Samantha Thompson is an outstanding athlete. She also plays softball, (catcher & outfielder), and she has high hopes for this sport.

Sam plays defense as well as many other positions.



She's the BEST!!!

# Alma Mater

We of Manor High School stand here today
A generation eager to lead the way.
Our spirits we offer, torches of light
Flamed by your guidance, knowledge, and might.

Hands clasped together, brothers we stand
To dedicate our future to your demand.
To represent justice, honor and truth
We stand a part of Manor High School.
